End the last 15 minutes water walking in our resistance pool!

Create balance, flexibility, strength, control and endurance to prevent injury or rehab sore or injured muscles. This low impact exercise will create physical and mental conditioning to enhance strength, flexibility and coordination as well as reduce stress, improve mental focus and foster well-being. 4 weeks long.

Sculpt: Starting at a foundational level, we will work on correct form and breathing for approximately 10 different exercises that target the entire body.
