As many know, we are constantly
trying to do what's best for our
community, environment and our
health. I will share a little bit about our
journey to achieve these ideals and
goals by chatting about what it's like to
farm organically.

Our dairy farm has been farming
organically for 20 years. It has had
many challenges but also many
rewards as well. We have continued to
educate ourselves while engaging in
process. Sharing some of these
experiences and thoughts are always
an on going privilege.
