

MARIANNA LOOCK

EXPERIENCE ✨

I have been dancing for 11 years, first as a member of my high school dance team then in college. I earned my Bachelor of Arts degree in Dance from the University of Wisconsin- Stevens Point where I took classes in ballet, jazz, modern, tap, and theater dance. I've performed in dance competitions as well as collegiate dance shows. I began choreographing in high school and teaching young dancers in college. I'm excited to be teaching classes now in Black River Falls Dance! I have been a personal trainer now for 5 years training all ages and walks of life. I love helping people regain a new perspective on life and health with fitness.
