**Beginner Boot Camp:** This class is ideal for those who are looking to tone the body, and burn some extra calories – without joint-jarring, high impact moves. All exercises can easily be made harder with added resistance.

**Boot Camp:** This class will give you the push you've been looking for! You will do more in one hour than most do in an entire week, and you will leave class with a sense of accomplishment! Most exercises are fast paced, and will help you build muscle, burn fat, develop core strength and flexibility all while increasing your cardiovascular ability. **Intermediate/advanced fitness level.**

**Butts N' Guts:** Tone and shape your backside while strengthening and sculpting your abs... need we say more? Some cardio training mixed in.

**Core de Force:** CORE DE FORCE is a MMA (mixed martial arts) –inspired workout with exhilarating Boxing, Kickboxing, and Muay Thai (stand-up striking) combinations with fat-blasting cardio and bodyweight moves to help you zero in on stubborn belly fat and carve allover definition.

**Cycling:** Ride from the shoreline to the hills in this journey that is designed to provide you with the optimum in fat burning and strength building. This ride will simulate varied terrain to give you a great interval workout. This class is for the beginners as well as seasoned cyclists! Water and towel is a MUST!

**Cycle and Core:** Take a 40-minute ride in this journey that is designed to provide you with the optimum in fat burning and strength building. Class ends with core exercises.

It is considered a “flow art” which is the combination of creative movements such as dancing and the manipulation of an object, in this case a hula hoop. In class will be working on three main categories tricks, transitions, and technique.

**Intermediate Water Aerobics:** Join Wendy in the water and discover how water resistance can elevate heart rate, increase strength and endurance and give you a great workout. Non-swimmers welcome.

All abilities welcome, including children with special needs!! (Some parental assistance may be requested depending on the needs of your child).

**Morning Splash:** The title may be a bit misleading as there will be no head dunking or swimming skills required in this class. However, there will be aerobic activity in the form of running, jumping, or walking. Exercise weights and water's natural resistance will help tone and increase your strength without strain and pain.

**PiYo LIVE:** PiYo LIVE is a Pilates and yoga inspired workout. Using your own body-weight you perform a series of continuous fluid, yet low impact, moves to help form a sculpted and strong body. This one-hour class will pass quickly thanks to the popular music and variety of movements.
